## Who are we?

Whether you are in a global company, a government agency, or a non-profit organization, you need a business continuity system to protect your people and your organization. A good business continuity management will be the answer to all overarching regulatory requirements and audit mandates. DRI International (DRII) offers world class business continuity education & training programs. We have over 50 training centres located in America, Europe and Asia. Our programs include offerings designed to expand a student's knowledge and focus of business continuity. Since 1988, **30,000** individuals have been trained by us. DRII is accredited by ANSI as a Business Continuity Standard Developing Body.

## Course Description

The DRII Professional Practices are defined as the knowledge and skills BC professionals needed to lead a BC Planning effort. This course includes instructor-led training followed by Qualifying Exam Instructors offer a fast-paced overview of DRII's business continuity planning model and delineate the knowledge and skills needed to effectively execute each stage. Valuable experience sharing by the instructors will be employed to reinforce learning.
